

FLEXARRESTER[™]

FLEXIBLE SUPPLY LINE WITH INTEGRATED
WATER HAMMER ARRESTER

Product No. : WMFA160PP

- The FlexArrester[™] is a braided water supply hose with embedded water hammer arrester
- The hammer arrester is AA size, ASSE 1010 certified and provides continuous protection against water hammer without maintenance using patented in-line piston action
- The hose is a corrosion-resistant polymer braid, featuring a patented Ultracore[™] liner that is resistant to chemicals and leaves no trace smells or tastes in the water
- Brass end fittings and nuts with stainless steel ferrule
- Suitable for water temperature up to 160°F and pressure of 125 PSI
- Five year warranty
- Available for washing machine, dishwasher and icemaker use
- See www.lyncar.com for installation instructions and specifications
- TWO PROVEN TECHNOLOGIES IN ONE CONVENIENT CONNECTOR!
