

SIZE ALL ANGLE CRIMP TOOLS

- Angle crimp tools for 1/2" and 3/4" copper rings
- Single cavity tool is a 3/4" angle crimper with spring-loaded 1/2" die that can be switched in seconds. The 1/2" dies are housed in a secure rubber ring attached to the tool
- 2-cavity tool works like a traditional angle crimper, but with 1/2" cavity on the outside and 3/4" on the inside

| Part# | Description |
|---------|---|
| 9316 | Single cavity crimping tool with interchangeable dies |
| 9316R12 | Replacement 1/2" dies |
| 1592310 | 2-cavity tool |
